Quite a number of Millersburg people were in Paris Wednesday in the interest of the A. J. Hitt will case. The will was probated and admitted to record, under the following conditions: Miss Bettie Vimont releases all claims; a \$1,000 monument is to be placed on the Hitt lot; the \$500 provided for in the will goes to the cemetery company; the interest to be used to keep up the lot; the remainder of the estate; after all just debts are paid, goes to his natural heirs, his nieces and nephews. John W. Boulden, of Maysville, is executor. The estate was appraised Wednesday afternoon and will amount to more than twelve thousand dollars.

The fifteenth annual report of the Hurst Home Insurance Company, of Millersburg, shows the company to be in a most excellent condition. This company now has over \$1,850,000 insurance in force on country property only and is growing rapidly. This is a Bourbon county institution, having been organized here, and still retaining its principal office at Millersburg, and is a farmers' company pure and simple, being controlled by a board of directors composed of farmers only.

This company has carried insurance on farm property for the past fifteen years against fire, wind and lightning for about fifty per cent of the charges of the old-line companies, and has met and paid every loss in full. It is on a sound financial basis and offers the farmer a policy that in event of loss, is worth its face value in cash.

The farmers of Bourbon county evidently appreciate the value of this institution, as the books show that over three hundred and twenty-five thousand dollars' insurance is on Bourbon county property. Every farmer should investigate the business of this company before giving his risk and money to the old-line companies, and sending his money to the eastern trusts to further increase their already enormous wealth. The offices of the company in this county are Messrs. J. G. Allen, President, F. F. Hurst, Sec'y., W. M. Burroughs, W. F. Heathman, A. P. Adair, T. W. Current, C. H. Dalzell, Directors, and J. H. Linville, agent. Under the care of these men the company will receive the most careful attention and success is doubly assured.

"Checkers" at Lexington Opera House

Kirke LeShelle's big production of Henry M. Blossom, Jr.'s racing comedy, "Checkers," with the entire New York cast, will be at the Lexington Opera House for matinee and night performances on Monday, Jan. 15. Miss Katherine Mulkins, who plays Pert, the leading woman part in "Checkers," is the young English girl whom the late artist Whistler once said was the most perfect type of an English beauty he had ever seen. He was engaged upon her portrait at the time of his death.

Miss Mulkins has been with "Checkers" since its New York opening production, and has received much praise for the charming girlish repose which marks her work and blends so harmoniously with Hans Roberts' excellent characterization of the title role. The engagement of this extraordinary popular play at Lexington promises to be the most successful and to duplicate in proportion to its length of stay the remarkable hit it made in New York, where it has recently completed its ninth engagement.

The company presenting "Checkers" at Lexington is the original with the exception of Hans Robert, the phenomenal young actor, who has been secured to play the title role. The production calls for an organization of 150 people, including a group of dancing pickaninnies. "Checkers" will be one of the most enjoyable treats of the entire season. After the night performance you can return either on the L. & N. or the interurban.

Dying of Famine

is in its tortures, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Iowa, but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by Oberdorfer, the druggist. Price 50c.

Dangers of Defective Plumbing!

Defective plumbing permits the entrance into the house of sewer gas bearing germs or contagious disease to which the human system readily succumbs. Sewer gas is not necessarily generated in the sewer, but is frequently created in the plumbing system within the home and enters the apartments through defective fixtures. COUNTY ATTORNEY T. E. MOORE, JR., has returned from a business trip to the mountains of Kentucky and has entered upon the duties of his office in a conscientious and business-like manner. Mr. Moore is one of the brightest young lawyers in Kentucky, and we feel sure will make a model attorney for the Commonwealth. He is a pleasant and agreeable young man, but at the same time is determined. He knows the law, is an officer who appreciates the oath he has taken, and from an interview had with him by the News man, we can say the people can depend on the law being enforced while he represents the Commonwealth. He informed us that every claim against the county would be carefully scrutinized before it is paid, and to let the public know the policy of the County Attorney's office under his administration, he kindly gave out the following for publication:

"The policy of this office will be to correct wrongs, more than to punish, but where punishment is necessary to prevent the violation of the law, then I will go to the limit. The 'blind tigers' in Claysville and Ruckerville must be closed; chicken fighters will be prosecuted to the fullest extent; gaming must cease in Paris and Bourbon county—I mean poker games, crap shooting games and all other gaming. This is no idle talk, for I have taken the oath to enforce the law and it will be enforced regardless to who are the violators."

This looks to us to be a good enough tip to those who are knowingly violating the law, for Mr. Moore also said that in cases where indictments were not found he would have warrants issued himself for the law breakers, as he was determined in this matter and proposed to stop the things mentioned above if there was any way to stop it and he believed he knew the way.

A DAY hardly passes but that some church member comes and asks us to pitch into some officer of the law for not doing his duty, or to blast this or that thing. It is always an easy matter for the good church people to find fault with those without the church. If officers of the law should be criticised in the paper for not doing their duty, why shouldnt the professed Christian people be given a dose of their own medicine.

This has been the week of prayer all over the nation, and it has been observed in this city by Union Services at the different churches. We happened in at the services Wednesday night at the First Presbyterian Church, and there were twenty-two persons present, and we are told that not over twenty-five attended the services when held at the Methodist Church. Now, mind you, these were Union Services of five Paris churches, if these good Christian people fail in their duty, which is so apparent, can't even give an hour's time to attend divine services, you must bear with those out in the world for you are setting the example. As long as you are "living in glass houses you should not throw any stones." The religious and moral wave that is now going over the country seems to have left the Paris churches out of its wake.

THE Paris Hospital question has been revived by the ladies and the elaborate spectacular production of "Ginevra" will be given at the Opera House to-night, for the benefit of the Hospital Fund. There is no city in the world more in need of a hospital than Paris, and if space would allow we would prove this assertion beyond any doubt. It is the duty of every citizen of Paris and Bourbon county to encourage the ladies in this great undertaking in every way possible. The best religion in the world is to give with a generous hand to a cause for the good of humanity. Attend the benefit performance for the Paris Hospital to-night.

It has been suggested to us that attention of the officers be called to the drunken negro women that are continually parading our streets and who congregate on the square between Seventh and Eighth streets, and on the latter street, especially on Saturday evening. It is said that the drunken women are getting very obnoxious to the white citizens who are compelled to pass these places to get to their homes. It is getting so it is positively dangerous for a white lady to pass these points named. If such scenes that occur at these places can't be stopped any other way we favor an additional policeman to be appointed to be permanently placed on this beat.

Dr. Hitt's Will Admitted to Probate.

The will of Dr. A. J. Hitt, of Millersburg, was admitted to probate Wednesday. It will be remembered that Dr. Hitt left to the Millersburg Cemetery Company \$500, the interest on which to be used in keeping up his lot in the Millersburg cemetery, and the income from the residue of his estate was to be given to Miss Bettie F. Vimont of Millersburg, during her life, and at her death the proceeds derived from the sale of all of his property, consisting of government bonds, bank stocks and a small realty holding, was to be used in the erection of a family monument. Dr. Hitt even directed in his will what should be placed on the monument, and made it obligatory upon his executor, Mr. John W. Boulden, of Maysville, to see that the terms of the will were carried out. The estate is valued at something over \$20,000, all of which is cash, or cash equivalents. The heirs-at-law of Dr. Hitt are Mrs. Fannie Jones, of Lexington, Mr. Allen, of Lincoln county, and three Dimmitt children. The latter have not been heard from for several years. Mrs. Jones and Mr. Allen, niece and grand-nephew respectively, intended to contest the probation of the will, and an agreement was finally reached between all of the parties in interest that the will should be probated. Mr. Boulden qualified as executor, and Miss Bettie Vimont having refused to accept the property, filed a relinquishment in court and directed the executor to distribute the property, after erecting the monument and paying the cemetery company the \$500, among all the heirs-at-law of Dr. Hitt, according to the law of descent and distribution. These agreements were entered and Mr. Boulden qualified, with Mr. Dan Perrine, W. W. Ball and Benj. Longnecker as securities. The aggregate wealth of the three bondsmen, by the way, amounts to over one million dollars.

Dr. Hitt was never married. He was 76 years of age, and was a great traveler. He had not only visited every section of his own country, but had toured Europe a number of times. When young, he and Miss Vimont were sweethearts, and throughout his life his devotion was constant. When he would return from his trips he would always bring her souvenirs of the countries he had visited. His regard for her was well understood by the people of the Millersburg precinct, and they were not surprised when told of the contents of his will. The executor and the cemetery company are represented by Harmon Stitt, and the heirs by Hon. E. M. Dickson and Judge Russell, Mann.

9-21 "A Chestnut" Pure and Simple.

The Hon. South Trimble introduced a bill in Congress yesterday appropriating \$150,000 for a public building at Paris. This is the same bill, we suppose, that is annually introduced in Congress. In the last Congress a favorable report was made from the committee on the Paris bill, but that was the last ever heard of it. These bills for public buildings is quite an old electioneering scheme, and have become "chestnuts."

Controversy Between Road Supervisor and County Judge.

The controversy between Road Supervisor Redmon and County Judge Dundon is still on. It is over the appointment of a guard for the county prisoners who have fines to work out, the Supervisor claiming he has the appointing power. Judge Dundon was served with written demand, on yesterday, from Supervisor Redmon to turn over the county prisoners to him. Judge Dundon refused to turn them over and now the Supervisor threatens to mandamus him. So there you have it, and we are not wise enough to predict the ending.

Council Meeting.

There was a full attendance at the Council meeting last night, with Mayor O'Brien presiding.

The question of filling the vacancy on the police force was left open, and will be taken up if another man is found necessary to enforce the laws.

M. L. Woods applied for restaurant license, the restaurant to be opened in room adjoining his saloon on Main street. Mr. Dempsey moved that the license be granted and Mr. Brannon seconded his motion. Mayor O'Brien then stated that he was opposed to granting any more license for restaurants in connection with saloons, as it would be impossible for him to enforce the Sunday law if every saloon in town was granted restaurant license. Some member suggested that other saloons now had these licenses. Mayor O'Brien then reminded them that such licenses now existing expired in May. The motion was then withdrawn and the application of Mr. Woods was laid on the table until May 1. After allowing a bunch of bills the Council then adjourned.

L. & N. Brakeman Killed.

Ed. Long, aged about 35 years, an L. & N. brakeman, was run over Wednesday night, at Cynthiana and cut in twain. He left Paris about 10 o'clock Wednesday evening on his regular run to Covington. His train took the siding at Cynthiana for the fast line to pass.

After the passenger had gone by the switch was opened and the engineer motioned to come ahead. Long was not in sight at the time and it is supposed was working with a hot box when the train pulled out. A portion of his body was wedged in at the switch so tight that the rails had to be removed before it could be taken out.

Mr. Long was a very popular young man, sober, quiet and unassuming. He boarded at Mr. Wilks Wilder's on South Main.

REMEMBER Dr. Eades' sale of furniture this afternoon.

Good News for the Taxpayers.

Eleven long days have passed and no committee meetings have been held by the members of the new Fiscal Court. This should be good news for the taxpayers of Bourbon county, for the old Fiscal Court turned over the affairs of the county to the new administration with a debt hanging over the taxpayers' heads of over \$20,000, and nothing more helped to swell that debt to that amount than the money paid out to Magistrates for unnecessary committee meetings.

For instance, there was a window to be repaired at the county jail not long

since and the work cost the county

sixty cents, and the services of the jail committee for attending to this job cost the county nearly \$27. This is merely given as a fair sample of this committee business, committees meeting at will for any trivial matter, costing the county \$12 per day every time the chairman calls the committee together. The doing away of these unnecessary committees is a step in the interest of the taxpayers of Bourbon county.

Well-Known Paris Horse Trainer Dead.

Newton Jones, sixty-five years old, a negro trainer of thoroughbred horses, who lived in this city, died suddenly Wednesday morning in kitchen F at the Kentucky Racing Association track, at Lexington. Jones was training a stable of horses for Joseph Hergensatter, of Tippooe City, Ohio. He had formally trained with great success for Frank and John Ireland, who raced under the firm name of Ireland Bros.

Jones had the distinction of training Newton, winner of the Latonia Derby, and Donatella, winner of the St. Paul Derby. He also trained Yale '91, Hindoo Craft, Grannon, and in fact, nearly every great race horse owned by Ireland Bros. His success was probably greater than that of any negro trainer in the West. He had under his care at the time of his death, Bourbon News, and the two-year-olds by Handspring, Ceasarian and Orimar, material which promised to develop into first-class racers.

During the past season Jones had excellent success, winning many races at Latonia, one of which was a horse quoted at 100 to 1. Several years after Ireland Bros. quit the racing game, Jones was without a stable, and in order to continue to be identified with racers, took a number of brood mares after they had foaled in the Spring, and trained them for the Fall races. He was successful in winning a race with one of these mares.

Jones had his horses in stable No. 13. His body was brought to this city for burial. The negro trainers and workmen at the Kentucky Association course have sent a floral horse shoe to be placed on his coffin.

Don't Believe in Banks.

A. J. Turner, a prominent physician of Fulton, Ky., who has always boasted that he did not believe in banks, private or national, is \$5,000 poorer in purse as the result of his system of keeping his riches, and he has called on the police to assist him in ferreting out the case. The doctor enjoys a large practice. No one has ever known where he deposited his money, but it was generally supposed that he invested all ready cash in real estate. However, he admitted Wednesday that he had secreted a five-thousand-dollar bank roll in his smoke house, and when he looked for it it was missing.

FOUR SIMPLE RULES.

Follow Them and Health, Happiness and Prosperity Will Be Yours.

If one would be healthy, happy and prosperous, follow these four simple rules. (1) Keep the bowels open every day. (2) Chew your food slowly and thoroughly. (3) Avoid indigestible foods. (4) If there are any symptoms of stomach troubles, take Mi-o-na before each meal until cured.

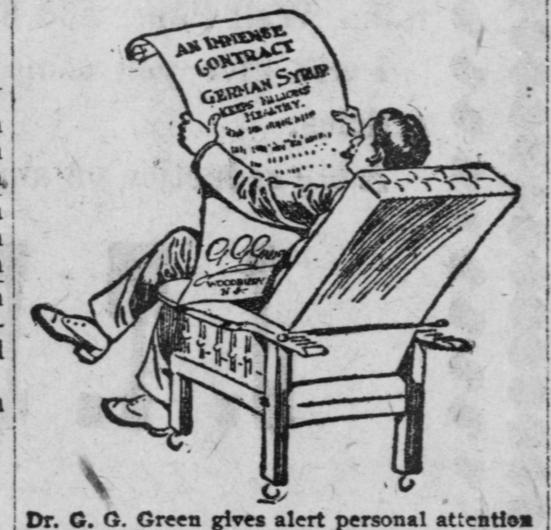

No matter how many years you may have suffered with stomach troubles or how worried by sleeplessness, nervousness, loss of appetite, furred tongue, specks before the eyes, headaches, backaches, weakness and debility, indigestion or other ills that are caused by a weak stomach, you can be cured by the faithful use of Mi-o-na.

Take one of the little tablets before each meal with the fixed determination to get the most benefit out of it.

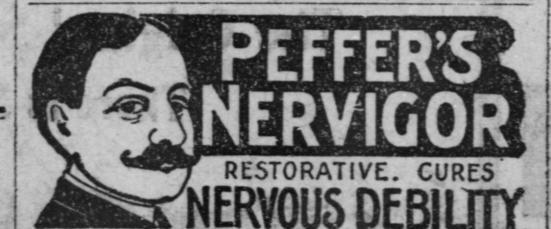

Mi-o-na is not a fanciful experiment, it is not a patent medicine, it is not a cure all. It is a scientific remedy recommended but for one trouble,—weakness of the digestive organs. It is a permanent cure, and is sold by Clarke & Co. under a guarantee that it costs nothing unless it does all that is claimed for it.

When Mi-o-na has been used for a few days, the digestive system will be so greatly improved that all the food eaten is converted into nutrition, so that nourishment and health are given to the whole system and there is a rapid increase in weight, strength and spirits.

STRANGE ADVICE!

Dr. G. G. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c; regular size, 75c. At all druggists.

According to La Nature, lamp chimneys are made less liable to break by putting them in a strong solution of salt in water, boiling them and then allowing the chimney to cool slowly.

The official report of the French Minister of Commerce sets forth that the excess of births over deaths reported in France for the year 1905 is 57,026, as against an excess in 1903 of 73,106.

The area devoted to corn in Kansas in 1905 was 6,799,755 acres, on increase over that of 1904 of 305,597 acres, or 4.7 per cent. The average yield to the acre for the entire State was 28 bushels.

A citizen of Gluckstadt, Germany, has returned a census paper in which he describes his trade as that of a basketmaker, while the question regarding his "position" is answered thus: "We do our work sitting."

Gap Growing Daily.

The Republican revolt in Congress grows more serious daily. The best Republicans say they will vote their solid strength in favor of an amendment striking off the differential on refined sugar, and in this they will have the support of the Democrats, who, while they are almost unanimous in favor of the Philippine Bill, are willing to place upon the Senate the odium of killing in committee a meritorious measure because it contains a provision aimed at the sugar trust. In no way, the Democrats claim, can the defeat of the Philippine Bill be charged to them. They are in favor of absolute free trade with the islands, and are also in favor of striking out the protection accorded to the sugar trust by the terms of the Dingley tariff law. If Mr. Aldrich and his followers in the Senate reject the bill with this palpably Democratic amendment it is no fault of the minority.

MADE FROM NATIVE ROOTS.

SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his squaw to get well as soon as possible that she might do the work and set him free. Therefore, he dug "papoose root" for her, for that was their great remedy for female weakness. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

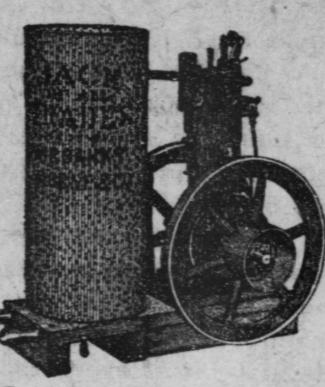

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription.

Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors which are very harmful, especially to delicate women.

"Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn out," debilitated, especially for women who work in store, office, or school-room, who sit at the typewriter or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure.

Rummans, Tucker & Co.

~ ~ A Wonderful Work Went on Here Last Saturday ~ ~

The House Was Piled Full of People From One End to the Other. The Whole City was Awake to the Situation.

THE PEOPLE GET
THE BENEFIT.

It was a Carnival, but a Carnival of real Merchandise, such as Paris never saw before. This store never had a bigger jam, and never will have. It would be impossible for them to get on the inside, although we expect them to be standing on the outside with the inside full in the next few days. In fact, we would like to have this house over-run each and every day of this Thirty Days' Unloading Sale. It commenced for Thirty Days last Saturday, January 6th, and winds up Saturday, February 3d, and nothing brighter under the canopy of Heaven will ever visit your city than this great merchandise unloading sale of Rummans, Tucker & Co., of Paris.

We cannot help what the war-priced vets say, it is the time on the other fellow, and it is time on ourselves. The Sale has just fairly got started. The crowds are surging to and fro, and the only thing we like is sixty sales-people. Not one item will be held in reserve, and that kind, courteous treatment that you received Saturday, Monday and Tuesday will be repeated here each and every day, only we are trying to do better. We are bidding you welcome under the roof where this great sacrifice sale is now in full blast.

CLOTHING, SHOES, Etc.

The way they took

CLOTHING

out of here the last few days was the wonder of the age. The cheap, shoddy Clothing cuts no ice now, as people can buy Clothing here that is up-to-date at about what the other fellow charges for what he has been carrying for the past Two to Twenty-five years. We have got thousands of dollars worth of it, and it is going out to the people at the most ruinous prices ever placed upon fine goods in this city. If you want a single item in the Clothing line, remember that you must be here on this big Sale to get it, as such an opportunity was never offered you before in your life. The same thing applies to every item in this big store. One piece or a hundred, you can find just what you want, and at a saving of from 50 to 75 per cent. It is facts in cold print. Why not wake up, take your medicine, and buy yourself that new Suit and Overcoat which you have been promising yourself so long.

OVERCOAT DEPARTMENT

Is shoved down to the lowest notch. Without a conscience and with a ruthless hand, Rummans, Tucker

& Co. have gone through the Overcoat section and cut and slashed and slashed and cut, until this department of the store represents a loss that would appal many older and larger firms, but we want to sell this stock of Overcoats and sell it quick. The game is yours and that's all there is to it. If you will need one or two Overcoats, or half a dozen within the next ten years to come, you cannot afford to participate in this week's unparalleled bargain distribution, and in the language of Missouri, the "lid is off," and these goods can now be yours for the smallest prices ever known on like qualities. This advertisement is merely to induce you to visit this Store this week. Come here, and no argument will be necessary on our part to convince you that the greatest economical opportunity of your life is now knocking at your door. No purse is so poor but that its owner can participate in this carnival. For a few pennies you can carry an arm full of Furnishing Goods away. No purse is so well filled nor so proud that its owner can afford not to participate in this Carnival, for we have always prided ourselves upon the worth, quality and up-to-now styles of our Clothing. We want you to come, and we want you to come this week. Don't neglect lest you forget.

We are still talking

SHOES

We are piling out Shoes; we are putting more of them in baskets, bins on the counter and in convenient places for you to look them over, where you can examine each and every pair. You will see that stamp here on them, made by honest hands, and we are telling the truth when we say to you that you can come to very near fitting the whole family out in Shoes for what you pay for one pair elsewhere. It is the most golden opportunity that ever visited Paris since the first time she came on earth. All Isreal weeps, but they weep alone. "Jones he pays the freight and the people get the benefit." Whether it is Shoes you want for your wife, your mother, your daughter, for your sweetheart, the babies, or anybody, they are here for you and they are here at prices that are talking out loud.

UNDERWEAR, NOTIONS, &c., at Miraculous Values.

UNDERSKIRTS and PETTICOATS

Come under the same ban at the lowest prices you ever saw. They are coming in carriages, wagons, any kind of vehicles, on the cars, afoot, or anyway—you will be welcome in this house. You don't have to have silk stockings on to buy goods in this institution. This store was erected for the masses and not the classes, and the Farmer and the Workman will always find this Store a place of welcome to him and his family.

The whole shooting match is the

NOTION DEPARTMENT

is on Sale. Baskets are full, shelves are full and counters are full. The whole business is before you; commencing with Needles down to pins, walking up the line and picking up bargains everywhere. Whether it is Ribbons, Embroideries, Corsets, Kid Gloves, Laces, Neckwear or Wrappers, or anything you ever thought of in the Notion Line, we have got them here and we have got them at a saving to you and your family of 10 to 50 per cent.

Thanking you one and all a thousand times for your attendance to this Carnival in the last few days, and trusting you will be here each and every day until the final wind-up, we are

Faithfully yours,

30 Days' Sale,
January 6 to Feb. 3.

Wild Excitement in Women's and Men's Underwear---Miraculous Values.

Our Underwear Department was crowded to the guards last Saturday. There were solid masses of surging, pleasant faced men in this department. People know bargains when they see them, and with our salesmen it was merely a matter of wrapping up the goods and taking in the change. Don't waste your opportunity this week, for it may be your last, for these goods are merely going faster than any store in Paris ever sold them. Take your time about trading through, but be sure you get just what you want. We want all participants in this colossal Carnival to be amply satisfied and we don't want any person in this city to miss visiting the only Store in Paris that ever attempted such mammoth reductions.

Everything Must Go.

Don't Miss the Carnival.

RUMMANS, TURKER & CO., Paris, Kentucky.
